Re: Zip Aviation, L.L.C.

Dear Mr. Jackson:

I represent New York Helicopter Charter Inc. In your previous letter to me dated February 8, 2007, you indicated that you represent Zip Aviation L.L.C.

I wish to bring to your attention several disturbing incidents that took place over this last weekend at the West 30th Street Heliport in downtown Manhattan. My client operates out of this heliport on a regular basis. Over the weekend, an individual named "Lisa," who identified herself as an "employee of Zip Aviation" interfered with my client's operations at the heliport. According to my client, she approached all of my client's customers and told them to fly with her company instead of New York Helicopter. She also solicited my client's employees by telling them that they should "leave" New York Helicopter and come work for Zip Aviation. This individual refused to cease and desist from her conduct even when repeatedly asked to do so.

The conduct of your client's employee unquestionably violated the terms of Zip Aviation's license to do business at the West 30th Street Heliport. The employee caused damage to the ongoing business of my client and to New York Helicopter's business reputation.
